

## AP1(2) Luciferase Reporter Vector

### Product Insert

**Cat. No. LR0003**

---

**Shelf Life** One year from date of receipt under proper storage conditions.

---

**Storage** See product label for appropriate storage conditions

---

**Component 1** AP1(2) Luciferase Reporter Vector (20ul of 500 ng/ul)

---

**Component 2** Empty Control Vector (20ul of 500 ng/ul)

---

**Sequence (5'→3')** TGACTAATGACTAATGACTAATGACTAATGACTAATGACTAATGACTAATGACTAA

---

**Description** pAP1(2)-Luc is designed for monitoring the induction of the protein kinase C (PKC) signal transduction pathway, as well as related pathways such as the MAPK pathway.
